CHARITY RATING SPONSORSHIP OPPORTUNITIES

\$1,000 sponsors a new charity evaluation*

As a first step, you can type the name of the charity into the Charity Search query box at the top of the home page on our website: www.charitynavigator.org to see if it is already rated or is in the ratings queue. If not, please contact us via e-mail at development@charitynavigator.org with the name of the charity you would like us to rate. Our analysts will determine whether the charity meets our criteria. Once a determination is made, we will get back to you.

\$250 sponsors an updated charity evaluation

Your contribution will enable our analysts to conduct the annual update of a charity's financial rating and profile using the most recent data available. Please designate your gift as an updated evaluation and let us know which charity you would like updated in the box below. *If current year data is not immediately available, we will update the rating as soon as we receive the new information from the IRS.*

(*Please note: You are welcome to submit a contribution of any amount for a partial sponsorship. The evaluation will be done once the required contribution of \$1,000 is raised from all contributors to the rating of that charity.)

(Please note: We will not accept sponsorships from charities themselves, or any staff employed by or current Board members of charities that are requested. Sponsorship does not guarantee a good rating and a rating, even though sponsored, cannot be removed from the site once it has been posted. Sponsorship also does not guarantee that a charity will be rated in the future—it will have to continue to meet our criteria for rating.)
